

Specification

Technical Specification

- 1.The surface is clean after whole assembling,without injury、hollow,the base has no crack;
- 2.The button is flexible when people press it,the sound is clear,without any stop、noise.
- 3.The sizes which haven't been noted is set according to (GB/T14486-2008-MT6B);
- 4.Circuit Diagram:

	Push
OFF	1-2

5 Rated Ampere And Voltage:

TUV. CE : 5 A 125/250V AC. 50/60Hz 48V DC T85/55 5E4

6.Contact resistance : $\leq 50m\Omega$

7.Insulated resistance : $\geq 100M\Omega$

8.Dielectric strength : 1500VAC/5S

7	Left side pin	H62Y2	1	copper tin plating
6	Right side pin	H62Y2	1	copper tin plating
5	Upper cover	PA66	1	Black
4	Bottom cover	PA66	1	Black
3	Nut	PA66	1	Black
2	threaded column	PA66	1	Black
1	Button	PA66	1	Red
NO	Name	Material	Quan.	Noted
